## **PREAMBLE**

This Agreement is made by and between Nicor Gas (hereinafter called the "Company") and Local Union 19 (hereinafter called the "Union") of the International Brotherhood of Electrical Workers. This Agreement shall be binding upon the parties and their respective successors and assigns. The parties hereto agree with each other as follows:

## **ARTICLE I – Representation and Recognition**

1. The Union, having been duly certified by the National Labor Relations Board, is hereby recognized by the Company as the sole bargaining representative for all employees in the job classifications listed in Exhibit A.
2. The occupational titles of the employees covered herein are listed in Exhibit A attached hereto and made a part hereof.
3. The Company recognizes authorized representatives of the International Brotherhood of Electrical Workers Local 19 as representatives of the Union. The Union shall inform the Company, in writing, of names of authorized representatives.

## **ARTICLE II – Union-Company Relationship**

1. The management of the Company and the direction of the working forces covered herein, including the right to hire, suspend, discharge for proper cause, promote, demote, transfer and layoff because of lack of work or for other proper reasons, are vested in the Company, except as otherwise specifically provided in this Agreement.
2. In the election conducted by the National Labor Relations Board, the Union has been duly authorized to make the agreement set out in this Section. In the interest of cooperation and harmonious relationship, the Company and the Union agree that:
  - (a) All regular and part-time regular employees, other than guards, who on August 1, 1946, were members of the Union, and all employees, other than guards, who become members after that date, shall as a condition of employment, maintain their membership in the Union during the term of this Agreement. The Union, their officers and their members, shall not intimidate or coerce employees into joining the Union.
  - (b) All persons, other than guards, hired after July 31, 1946, shall as a condition of employment, join the Union after 30 days of employment as a regular employee and maintain membership in the Union during the term of the Agreement.
  - (c) The Union will accept into membership any present employees and all persons hired after July 31, 1946, upon reasonable terms and conditions. Employees in job classifications, deemed by the parties to perform the functions of guards, were excluded from participation in the above mentioned election conducted by the National Labor Relations Board.

3. The Company agrees that during the period of this Agreement there shall be no lock-out of members of the Union. The Union and its membership, individually and collectively, agree that there shall be no strike, or other interruption of work, it being the desire of all parties to provide an uninterrupted service to the public.
4. There shall be no discrimination, interference, restraint or coercion by the Company, or any of its agents, against any employee because of their membership in the Union or because of any lawful activities on behalf of the Union.

The Union, or its agents, will not solicit members, engage in organization work, or any other Union activities during the working time of employees except as provided in Article VIII of this Agreement.

5. Neither the Company nor the Union, through their officers, members, representatives, agents, or committees, shall engage in any activity of any kind for the purpose of defeating or evading the terms of this Agreement.
6. Posting of official Union notices on Company property shall be permitted and definite space shall be allotted for this purpose.
7. The Company and the Union agree that neither shall discriminate among employees in the application of the provisions of this Agreement because of an employee's race, color, religion, sex, national origin or disability. The Company and the Union also agree that, as provided by applicable laws, neither shall discriminate among employees in the application of the provisions of this Agreement because of age.
8. The Company will deduct, during the term of this Agreement, regular, monthly Union membership dues from the wages of each employee from whom the Company has received an individual, voluntary authorization for such deduction. Said authorization shall be irrevocable for a period of one year from the date of execution thereof by the employee, or until the termination date of this Agreement, whichever occurs sooner, but if not revoked in the following manner shall be automatically renewed from year to year. Employees may revoke their dues deduction authorization forms by sending written notice, by certified mail, return receipt requested, to the General Manager Labor Relations and Facility Services of the Company and to the President of the Local Union, postmarked within ten days following (i) the expiration of any yearly period subsequent to the date of authorization, or (ii) the date of termination of the applicable collective bargaining agreement between the Company and the Union, whichever occurs sooner. The Company will deduct the union dues bi-weekly, from each paycheck which is sufficient in amount for such deductions to be made therefrom, in the amounts specified in writing by the Union. The Company will remit immediately said deductions to the Financial Secretary of Local 19, together with a list of the names of the employees for whom deductions have been made, the amount deducted for each employee, and the names of any employees who have quit, been discharged, or otherwise terminated, or who have been hired, since the prior bi-weekly deductions were made.

The individual voluntary authorization forms for payroll deduction of monthly union dues and initiation fees shall be presented to new employees by the Company prior to completion of his/her probationary period.

The Union will indemnify and save the Company harmless against any and all claims, demands or other forms of liability which may arise out of or by reason of action taken or not taken by

the Company in reliance upon the check-off authorization forms submitted to it and in accordance with the provisions of this Section.

### **ARTICLE III – Seniority, Promotions, Transfers, Layoffs, Reemployment**

1. This Article shall apply to those carried on the payroll as "regular" employees and "part-time regular" employees and shall not apply to those carried on the payroll as "temporary" employees. Regular and part-time regular employees are engaged without time limitation and temporary employees are engaged for a limited period in jobs, which will not result in loss of regular employment for regular and part-time regular employees.
2. A new employee, other than one classified as temporary, shall be termed a "probationary" employee. The probationary period shall be 120 calendar days. Extensions to the probationary period will be granted by mutual consent. Upon the completion of the probationary period the employee shall be placed on the seniority list as a regular or a part-time regular employee and immediately credited with the seniority and service, which accumulated during the probationary period. A probationary employee may be discharged any time prior to the end of the probationary period. The discharge of a probationary employee shall not be subject to the provisions of Article VIII.
3. Length of employment in the Company (or in any predecessor company) shall be "service." Service will be in accordance with the Company records but cannot include time spent in the Company prior to a break in service which has not been joined. For promotional purposes, "service" is defined as promotional service date.
4. During the term of this Agreement the Company will supply, to the Union, lists showing service of regular employees as of January 1, and July 1, of each year.
5. Each month the Company will inform the Union of personnel changes within the bargaining unit.
6. A job classification shall be "higher" when it carries a higher schedule maximum. "Promotion" shall mean advancement to a higher job classification.
7. In cases of promotion to higher job classifications within the bargaining unit, the factors to be considered shall be ability and service in accordance with Exhibit B. Where the ability of the employees under consideration is substantially equal, the employee highest on the seniority list will be the one promoted. In case of promotion, if the employee who is highest on the seniority list is not selected, the employee shall be informed by the Company of the reason why he/she was not promoted. The Union will be furnished the names of employees not promoted in accordance with service. An employee demoted for inability to perform satisfactorily the work of his/her job classification shall not be eligible for promotion for the next 12 months.

Physical employees demoted at their own request will not be eligible for promotion (other than Star-X) for a 24-month period after the demotion.

Clerical employees who voluntarily demote will not be eligible for a promotion to any job classification for 24 months after their demotion.

8. When a vacancy occurs or when a new position is created within the bargaining unit above the entrance job classifications, the Company shall post a notice electronically on the Company's website, for a period of ten calendar days, excluding Sundays, and holidays, announcing the position open. The entrance job classifications referred to are those indicated in Exhibit B (Clerical and Physical). Employees desiring to be considered are required to apply electronically through the Company's website and to complete the application information forms, setting forth their qualifications. Employees will receive an electronic confirmation of their application submittal. Employees who do not make application within the period of posting of the notice shall have no grievance. Promotion of employees who apply under this Section 8 shall be in accordance with the factors set forth in Exhibit B (Clerical and Physical) which are applicable to the particular job vacancy applied for.

If no qualified employee is available for the vacancy or newly created job classification, either from the next lower job classification in the applicable line of promotion and demotion in Exhibit B (Clerical and Physical) or as a result of the bidding procedure, then the Company may select any employee or hire someone to fill such job after notifying the Union.

9. An employee's choice not to accept a promotion or transfer shall have no effect upon his/her future opportunities for promotion.
10. An employee promoted shall be given a qualifying period up to 90 calendar days after certification, or up to 120 calendar days after a promotion without certification requirements, for determination as to whether or not he/she can meet the job requirements. When required, extensions to the qualifying period may be granted by mutual consent of the Company and the Union. If it is decided that the employee who has been selected for promotion is not competent to perform satisfactorily the work of the new job classification, the employee will be transferred back to his/her former job classification.
11. The Company will afford the senior employee in a job classification a reasonable opportunity to be trained for the next higher job in his/her line of promotion and demotion to the extent that the Company finds it practicable to provide such training, taking into account the job requirements and working conditions involved.

This policy is predicated on the understanding between the Company and the Union that such training will not affect the Company's right to assign any work to an individual at any particular time.

12. Whenever it becomes necessary to reduce the number of employees in a job classification due to lack of work, the Company will negotiate with the Union in an effort to formulate a program for spreading the work, moving employees between regions, areas, departments, zones, lines of promotion and demotion or job classifications, or for other appropriate action. If the Company and the Union are unable to agree on such a program within 30 calendar days after the Union is notified of the situation, the following ground rules shall apply:
  - (a) Temporary employees first, and then probationary employees shall be laid off from the classification affected, but shall not have any rights to displace other employees.
  - (b) Employees laid off from job classifications will be laid off according to their service in the job classification.

The procedure to be followed should a layoff occur is as follows:

Employees laid off from their classification may displace the employee with the least service in the next lowest job classification. If laid off from the lowest job classifications, the employee may then displace in the following order:

- (1) Temporary employee
  - (2) A probationary employee
  - (3) The employee with the least service in an equal or lower job classification provided that the former employee has more service than the latter and can perform satisfactorily the work of the other job classification.
13. Should there be a reduction in force, employees who are the President/Business Manager, Senior Assistant Business Manager, Vice-President/Recording Secretary and Business Representative of the Union shall continue to work as long as there is a job in their own department, in job classifications covered by this Agreement, which the Officers or Business Representatives are qualified to perform. In any such case, the employee whose work the Officer or Business Representative is qualified to perform shall replace an employee of less seniority. The Union shall inform the Company in writing of the names of these Officers and the Business Representatives.
  14. In the case of a regular employee or part-time regular employee who has given long and faithful service and who is unable to carry on his/her regular work to advantage, the Company will attempt to place such employee on work, which he/she is able to perform. In such cases, the other provisions of this Article shall not apply.
  15. Any regular employee on a military leave of absence shall, upon reemployment, have the period of absence added to his/her service at the time of entry into military service. A returning veteran shall be placed in a job classification, in accordance with provisions of applicable laws, at the rate of pay and with the seniority the employee would have attained had he/she not entered military service.
  16. A regular employee who may be elected or appointed to an office in the International Brotherhood of Electrical Workers, or Local Union 19 covered by this Agreement, which by election or appointment requires his/her absence from duty with the Company, shall be granted a leave of absence without pay for the term of office but not in excess of three years, and he/she shall continue to accumulate seniority and service throughout such term of office and shall, upon expiration of the leave of absence, be reinstated in accordance with his/her seniority provided he/she is physically qualified.
  17. A reasonable number of engineers, or other employees with special experience or training, may be assigned work at different occupations within the bargaining unit in any department as part of a training period, and while so employed, shall neither be affected by provisions of this Agreement nor shall their employment affect the status of other employees covered by this Agreement.
  18. In cases where employees are granted recall rights, such recall rights shall be for a period of no greater than 24 months from the date of transfer or relocation. Employees granted recall rights prior to ratification of the 2014 agreement, will for the duration of the current collective bargaining agreement have one (1) opportunity for recall to their former work location provided that there is a need to fill and it is in their same job classification.

19. When the Company permanently changes a bargaining unit employee’s primary work location, and this relocation results in a new commute increase of 15 miles or more to the employee’s normal commute distance between home and the primary reporting location, the employee will be eligible to receive a one-time mileage reimbursement pursuant to the schedule set forth below. In calculating this mileage, the Company will compare the normal commute distance as measured by the most commonly traveled routes between (i) the employee’s current home and new primary work location, and (ii) the employees’ current home and old primary work location. Qualifying reimbursement would be made as a one-time, flat rate, up-front payment, and payment would be made as soon as possible after the new location start date. The payment is subject to normal payroll tax withholding. An employee must remain active and in good standing for 90 days after the reimbursement is made under this Section; otherwise, forfeited amounts will be deducted from the individual’s last pay check on a 90 day pro-rata basis. In order to be eligible for this reimbursement, the employee must authorize a repayment agreement in advance of the Company processing the reimbursement. The repayment agreement will include a company provision for recovering legal and outside collection costs associated with any uncollected debt. If the employee chooses to not authorize the repayment agreement in advance of the company processing same, the employee will forfeit any reimbursement.

Flat Rate Mileage Reimbursement Amounts (less applicable withholdings)

Incremental Mileage	Reimbursement Amount*
< 15 miles further	Ineligible
15 to 29.99 miles further	\$2,000
30 to 49.99 miles further	\$2,500
50 miles or greater	\$3,000

\*Reimbursement is less applicable taxes

**ARTICLE IV – Hours of Work, Overtime, and Holidays**

1. The basic work week shall normally consist of four or five regularly scheduled basic work days within the work week. Normally there shall be two regularly scheduled consecutive days off. Neither of these two days shall be considered as part of the basic work week even though an employee is scheduled to work on either or both of these days. In cases of a four-day work week, at least two of the three scheduled RDO’s shall be consecutive. The basic work day for a full-time regular employee shall consist of eight hours or ten hours of work which shall be consecutive except when time out for a meal is scheduled, but presently established exceptions to the basic work day of eight hours shall be continued in effect unless changed in accordance with the provisions of this Agreement.

These provisions apply to full-time regular employees.

- 2. For the purpose of timekeeping, a work week shall begin and end at midnight, Sunday night.
- 3. For the purpose of timekeeping, the date of which the basic work day is to be allocated shall be the date on which the majority of the basic work day hours are worked. If the hours of a basic work day are evenly divided between two calendar days, the basic work day shall be allocated to the date on which the basic work day ends.

If, because of the application of this Section, two basic work days are allocated to the same calendar day, straight time shall be paid for the basic work day hours of both basic work days.

Overtime shall be allocated to the calendar day on which it is worked, except that all of a period of overtime starting at or after 11:00 p.m. or ending at or before 1:00 a.m. shall be considered to have been worked on the calendar day on which the majority of the overtime is worked, or in case such a period of overtime is divided equally between two calendar days, on the calendar day on which the period ends.

4. A premium of \$2.00 per hour shall be paid for the following, but no other hours.
  - (a) If an employee's basic work day begins before 5:30 a.m., or ends after 8:00 p.m., he/she shall receive this premium for all hours worked during the same timekeeping day as defined in Section 3 of this Article IV.
  - (b) If on an employee's regular days off he/she is required to work as a part of his/her established work schedule and the work period begins before 5:30 a.m., or ends after 8:00 p.m., the employee shall receive this premium for all hours worked during the same timekeeping day as defined in Section 3 of this Article IV.
  - (c) If, under the conditions specified above, the premium is to be paid for hours, which are compensated for at an overtime rate, the applicable overtime rate shall also be applied to the \$2.00 per hour premium.
5. A regular employee or part-time regular employee who is scheduled to work on Sunday as a basic work day shall be paid a premium of 50% computed upon the basis of his/her basic hourly rate of pay, for the hours worked during such basic work day; provided that if any other premium (except shift premium) or overtime rate shall be applicable to such hours, only the highest individual premium or overtime rate so applicable shall be paid. If any regular employee who is scheduled to work on Sunday as a basic work day works on Sunday during hours which call for the payment of a shift premium under Section 4 of this Article IV, he/she shall be paid both the shift premium for such hours and the Sunday premium herein provided.

For work on Sunday, which is not a part of a basic work day, no Sunday premium shall be paid, but the appropriate overtime rate, computed upon the basis of the basic hourly rate of pay, shall be paid.

6. "Shift" work is that which regularly operates 24 hours a day, seven days per week including Sundays and holidays. An employee who is assigned to such work shall be designated as a "shift" employee.

"Semi-shift" work is that which regularly operates in varying degree during the day or night, including Sundays and holidays. An employee who is assigned to such work shall be designated as a "semi-shift" employee while so assigned. The number of "semi-shift" employees and the number of such employees assigned to Sunday and holiday work shall be kept to the minimum.

All other work shall be classified as "non-shift" and an employee assigned to such work shall be designated as a "non-shift" employee. A "non-shift" employee shall not have Sunday scheduled as a basic workday:

An employee may be changed from one to another of the above categories upon adequate notice as defined in Section 12 of this Article.

It is recognized that, because of differences in operating requirements, some job classifications may cover more than one of the types of work listed above.

7. Where it is applicable, and within the limits of reasonable operating procedures, days off shall be rotated. Schedules of such rotation shall be posted as far in advance as is practicable. If a schedule is unsatisfactory, it will be brought to the attention of the Company and a change will be made, if possible, within the limits of reasonable operating procedures.
8. Upon written request of the Union (physical), the Company will establish a rotating or fixed schedule in any specified work group, which has more than one schedule of working hours per day.
9. To facilitate the rotation of shifts and the rotation of days off, a change in shift may be made with only eight hours off between leaving one shift and returning to the next shift. Such changes shall not result in overtime pay if they are made in accordance with an established schedule.
10. With the consent of their immediate supervisor, employees shall have the privilege of exchanging shifts within the same work week, by individual arrangement, provided the change can be accomplished without additional cost to the Company.
11. Flex/Split Schedules – Call Center Only – If mutually agreed between company and employee, a split shift of non-consecutive hours (8 hours in a row) is permissible. Employees cannot be forced to accept a split shift; however, if accepted, such split shifts will go into effect and be for a minimum of 3 months. If multiple employees have interest, available split shifts will be filled by seniority. If mutually agreed, an employee may change a scheduled shift with less than 48 hour notice.
12. Presently established daily working hours of the basic work week will be continued in effect unless changed in accordance with the provisions of this Article.
  - (a) In case of a change in the basic work days of an employee's basic work week, notice of at least 48 hours will be given prior to the change. If not given this notice, the employee will be paid at the overtime rate on the first day of the new schedule.
  - (b) In case of a change in the daily working hours of the basic work day, notice of at least 48 hours will be given prior to the change. If not given this notice, the employee will be paid at the overtime rate on the first basic work day of the new schedule for those hours worked outside of his/her previously scheduled hours. (NOTE: This provision will also apply if a change in working hours is scheduled for less than three days within a basic work week without notice to the employee prior to the start of that basic work week.)
  - (c) 48 hours' notice will be considered to have been given if the employee is notified of the proposed change before being released from duty on the second day preceding the change.
  - (d) The provisions of this Section will not apply when a shift change is made for attendance at training schools.

13. Overtime shall be paid at the rate of time and one-half, only after forty (40) paid hours of the basic work week. Exceptions to this are:

(a) On holidays, time shall be paid for in accordance with the provisions of Section 24 of this Article.

(b) If the employee works overtime which has been allocated to the calendar day of his/her first regular day off, double time shall be paid for all overtime hours which are allocated to the calendar day of the employee's second regular day off in a week (as defined in Section 2 of Article IV).

An employee working a four (4) day basic schedule will be eligible for double time if the employee works overtime allocated to the third regular day off. The eligibility for double time exists if the employee has worked overtime allocated to both his/her first and second regular day off.

(c) Employee hours reported on disability and/or workers compensation are excluded from the 40 paid hours of the basic work week.

(d) Employees called back for work. (See Article IV, Section 18).

Overtime shall be computed to the nearest one-half hour.

14. An employee shall not be required to take time off during basic work days in place of overtime worked or to be worked. However, this shall not prevent changes in scheduled working hours or work days in accordance with the provisions of Section 12 of this Article.

15. An employee who has worked (a) more than 16 hours continuously, or

(b) at least six hours of overtime in the 12 hour period immediately preceding his/her basic workday will, upon release, be entitled to an eight-hour rest period before returning to work. If a rest period, under the provisions of this section, extends into a basic workday, the employee will lose no time thereby.

16. An employee ordered to remain at a specified location, awaiting a call for emergency work outside scheduled working hours, shall be paid at the applicable rate until released.

17. As far as practicable, overtime shall be distributed equally among employees in each work group or job classification, taking into account the qualifications required and the availability of the employees. Lists of overtime accumulated for the calendar year will be posted monthly on bulletin boards. These lists shall show the equivalent number of straight time hours paid for.

18. An employee called back, (with or without previous notice) for work at any time outside of his/her regular work schedule shall be paid a minimum of four hours straight time pay. If pay for the time worked at the applicable overtime rate exceeds two hours straight time pay, the employee should be paid at the applicable overtime rate for the hours worked and in addition will be paid a call-back allowance of two hours at straight time. In no event shall overtime pay for the call-out plus the call-back allowance exceed the equivalent of eight hours at the applicable overtime rate.

If an employee is called back more than once between two consecutive scheduled work periods, his/her pay and call-back allowance for such intermittent work shall not be more than what would have been received had the employee worked continuously from the starting time of the first call-back until the quitting time of the last callback.

The time reporting on the call-back for an employee who operates a company-owned vehicle shall begin when the employee leaves his/her residence and shall end when he/she returns home.

An employee shall not be considered to be called back when working overtime which, without interruption except time out for a meal, immediately precedes or follows a regular work period.

This section shall not apply to overtime work which is a part of established work schedules.

19. When an employee reports for work at his/her regular daily starting time in accordance with his/her then existing regular work schedule for basic work days, and in condition to perform his/her work, the employee will be provided with work in his/her job classification, or other work, during the hours of his/her work schedule for that day. Similarly, when an employee reports for scheduled overtime work on other than his/her basic work days and in condition to perform his/her work and if such work is not available, the employee will be paid a minimum of four hours at straight time. All this shall not serve to modify the rights recognized to be in the Company as provided in Section 1 of Article II.

20. Employees required to report for work at a Company headquarters shall travel from Company headquarters to their work locations on Company time. If such employees are required to provide their own transportation from a Company headquarters to their work location, they will be reimbursed for the cost of such transportation.

Employees required to report directly to a work location within their working area shall travel to such work location on their own time and at their own expense.

21. During the regularly scheduled working day there shall be a regularly scheduled meal period not exceeding one hour, except for employees whose work requires them to be on duty eight hours consecutively, in which case they shall eat at their work locations.

22. When, on a basic work day, an employee is required by the Company to delay his/her regularly scheduled meal period for more than two hours from the end of the meal period, the employee shall be paid a premium equal to one-half his/her straight time rate from the end of his/her regularly scheduled meal period until permitted to eat.

23. (a) An employee who is required to work overtime shall be eligible for a meal money allowance:

1. After working three hours immediately preceding or three hours immediately following a basic work day when the basic work schedule is an eight hour day and two hours immediately preceding or two hours immediately following a basic work day when the basic work schedule is a ten hour day. (Overtime shall be considered to be immediately preceding or following a basic work day even though the employee has time out for a meal); or
2. After working ten hours on a regular day off or on a holiday when the employee was given at least eight hours' advance notice that he/she was to work overtime on that day. The employee will not be eligible if the time worked is eight hours but less than ten hours. An

employee working less than eight hours of such overtime shall be covered by Paragraph (a) 3 of this Section; or

3. If the overtime does not come under the provisions of Paragraph (1) or (2) above, but the time worked is two continuous hours or more and extends through, or is recorded as ending at 12:30 a.m., 6:30 a.m., 12:30 p.m., or 6:30 p.m.

(b) If the overtime continues, an employee shall be eligible for another meal money allowance at the end of each subsequent five hours of overtime worked after the employee is eligible for his first meal money allowance.

(c) If an employee is eligible for a meal money allowance and can be released to eat, he/she shall be given an allowance of \$8.50 and shall eat on Company time. Such meal shall be paid for by the employee. The meal period will be of no more than 45 minutes in duration. If unable to be released from the job, the Company will give the employee a meal money allowance of \$8.50. When requested, food will be brought to the job, shall be paid for by the employee and shall be eaten on Company time.

(d) The provisions of this Section shall not apply when the Company and the Union agree to overtime in connection with basic work days in place of the employees working overtime on regular days off.

24. The following days shall be recognized as holidays: New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the day after Thanksgiving, Christmas Eve and Christmas Day.

The Christmas Eve holiday will be celebrated on December 23rd in the calendar years when Christmas Day falls on either a Saturday or a Sunday and December 22nd when Christmas Day falls on a Monday.

Whenever one of these holidays falls on Sunday, it shall be observed on the following Monday. When one of these holidays falls on a Saturday, it shall be observed as follows:

(a) On the preceding day, Friday, for employees for whom the Saturday upon which the holiday occurs is a regular day off; and

(b) On the Saturday on which the holiday occurs for employees for whom such Saturday is a basic workday.

In addition, employees may schedule three "floating" holidays during each calendar year and a fourth floating holiday during each U.S. Presidential Election year.

The provisions of this Section shall apply on the day observed by each employee rather than on the actual holiday, and shall not affect the Company's right to reschedule an employee's basic work week.

When a holiday is observed on an employee's basic workday, he/she may be given the day off and shall be paid at his/her basic hourly rate of pay.

However, when an employee works on a holiday which is observed on one of his/her basic work days, the employee shall be paid at his/her basic hourly rate of pay for the day and in addition,

shall be paid on the following basis for any hours, which in accordance with the provisions of Section 3 of this Article, are allocated to the holiday:

(i) Time and one-half for any hours worked during his/her regular schedule for that basic work day.

(ii) Double time for any hours worked outside of his/her regular schedule for that basic work day.

When a holiday is observed on an employee's regular day off (Monday to Friday inclusive), and the employee does not work, he/she shall be paid a day's pay at his/her basic hourly rate of pay, but if the employee works, he/she shall be paid in addition at the rate of time and one-half for the first eight hours worked and double time thereafter for time worked which was allocated to the holiday.

All provisions of these sections will apply to "floating holidays" as well as the fixed scheduled holidays.

## **ARTICLE V – Working Conditions**

1. The Company will continue its present policy of cooperating with its employees so as to insure that reasonable rules and provisions are made for the safety and health of employees during the hours of their employment, and changes will be discussed with representatives of the Union prior to being put into effect. Employees will comply with established safety and health rules and provisions. Such rules and provisions shall apply uniformly to all employees affected.
2. In the interest of safety, at the request of the employee involved, an employee may be accompanied by his/her Steward when called before a formal committee making an investigation of an accident. This shall not apply to inquiries made at the scene of an accident.
3. Regular employees shall not be required to do their work outdoors during periods of continuous significant rain or snow and exceptionally cold weather, except in cases of emergencies or in the performance of essential duties.
4. The Company will furnish such tools, safety devices and other equipment as are presently being furnished. The Company will furnish such tools, safety devices, or other equipment for the sole use of an individual employee when it determines that this is required for protection of health, and the use of such equipment by the employee is not of limited or occasional character. Employees furnished tools, safety devices and other equipment shall be held responsible for their return in good condition, allowing for ordinary wear and tear. The Company shall provide suitable and safe space for storing tools and equipment furnished to employees.
5. When the Company requires an employee to be away from home overnight or longer, the Company shall provide necessary lodging and meals, and, if necessary, will advance the money therefore, and shall furnish his/her round-trip transportation plus travel time to and from his/her headquarters. The employee shall have the opportunity to return to his/her headquarters on days off and holidays not worked on the above basis.

6. The Company agrees that it will not contract any work which is ordinarily and customarily done by its regular employees if, as a result thereof, it would become necessary to lay off or reduce the rate of pay of any such employees.
7. Supervisors shall not do work of employees included in the bargaining unit except in emergencies. However, supervisors may assist employees, or substitute for such employees during temporary absences or inability for other reasons to perform their work, so long as such substitution will not deprive qualified employees of employment.
8. The Nicor Gas hourly office environment has a business casual dress policy for hourly employees which defines attire and grooming standards that allow employees to feel comfortable while maintaining a neat and professional appearance.

Examples of appropriate articles of clothing include:

- Khaki or dark-colored trousers or skirts.
- Company-issued shirts.
- Polo-style, collared shirts.
- Cotton (including denim), long or short-sleeved, collared shirts.
- Leather shoes such as loafers.
- Dressy sandals, open toe or otherwise.
- Dressy denim jacket.
- Denim pants of any kind of color. Jeans, of any color, must be neat in appearance with no obvious wear, fading, rips, tears or extreme colors or style elements.
- Appropriate business attire is required when representing the company to others, or meeting with clients.

Examples of inappropriate articles of clothing that may not be worn at the workplace include:

- Inappropriate shorts.
  - Flip-flops.
  - Articles of clothing that display wording, political statements or symbols that may be controversial or offensive by anyone in the workplace.
  - Caps or baseball hats.
  - Undergarments that are not hidden by outerwear.
9. Employees who are required to wear approved safety shoes as part of the OSHA regulations will be reimbursed \$50.00.

## **ARTICLE VI – Vacations / Leave of Absence**

The sections of this Article pertaining to vacations will become effective March 1, 2009.

1. In each calendar year, all regular employees who are on the payroll and under the normal retirement age shall begin to earn vacation in accordance with the provisions of this Article.
2. Vacations will be granted as follows:

(a) Regular Vacation – During the first calendar year of employment, an employee will begin to earn regular vacation as of the first day of employment up to a maximum of eighty (80) hours. Vacation may not be used by the employee until they successfully complete their probationary period. Thereafter, the employee will be allowed a regular vacation of eighty (80) hours in each calendar year.

(b) Extra Vacation - A regular employee will begin to earn extra vacation in the calendar year in which he/she begins their sixth year of service. Regular and extra vacation for which an employee is eligible is contained in the table outlined below.

(c) Total Vacation - In no case shall an employee's total earned vacation, regular and extra, exceed 240 hours except in a year in which deferred vacation, provided for in Section 11 of this Article, has been elected from the previous year.

Regular and extra vacation will be as follows:

Calendar Year in Which Employee Completes the Following Years of Service	Hours of Vacation		
	Regular	Extra	Total
0 to 1	Max 80		
1 to 5 inclusive	80		80
6	80	32	112
7 to 13 inclusive	80	40	120
14	80	48	128
15	80	56	136
16	80	64	144
17	80	72	152
18	80	80	160
19	80	96	176
20	80	104	184
21	80	112	192
22 to 25 inclusive	80	120	200
26	80	128	208
27 to 29 inclusive	80	136	216
30 and over	80	160	240

3. In case a holiday is observed on any day during a full week of an employee's regular vacation, an additional day off with pay shall be allowed for each such holiday. The provisions of Section 24 of Article IV shall apply to all other holidays observed while an employee is on vacation.
4. Regular and extra vacations must be completed during the calendar year in which they are due unless deferred in accordance with Section 13 of this Article.
5. Employees will be paid at their basic hourly rate of pay for their scheduled basic work days during their vacation.
6. Provided the conditions of work are such that the employee's services can be spared, and with the understanding that they are subject to change to meet operating conditions and work requirements, the regular and extra vacation shall be selected, in each work group, in accordance with service except that:

(a) no extra vacation may be scheduled which would interfere with any employee's choice of regular vacation, and

(b) the selection of a full week of vacation will take precedence over less than a full week.

(c) Scheduling of ½ day vacation will not take precedence over full day vacation scheduling.

(d) Floating holidays will be scheduled for the year along with employees extra vacation and under the same rules as govern the scheduling of extra vacation days.

(e) Floating holidays must be used during the calendar year.

(f) Employees scheduling a full week of vacation will not be scheduled to work the weekend before and the weekend after.

Deferred vacation, as provided in Section 13 of this Article, shall not interfere with an employee's choice of regular or extra vacation. Advance notice of vacation schedules will be posted on appropriate bulletin boards.

7. For vacation purposes, a calendar week shall normally begin and end at midnight, Sunday night.
8. An employee's eligibility for earned vacation shall not be affected by a prolonged absence while they are on Short Term Disability. However, employees will not earn vacation while on Long Term Disability.

Only an employee on the active payroll may be given a vacation.

No extra time will be allowed because of illness during vacation.

9. Full day vacations of either eight (8) or ten (10) hours (depending on the work schedule), shall be counted as vacation time unless the employee has less than eight (8) or ten (10) hours remaining on the schedule. If that is the case, then all the remaining hours must be used in a one day period.
10. Half day vacations will be four (4) hours for employees on an eight (8) hour regular schedule and five (5) hours for employees on a ten (10) hour regular schedule. Part-time employees may schedule vacation equal to 50% of their scheduled shift.
11. Exceptions to Article VI, Section 9 and Section 10 are as follows: For purposes of approved Family Medical Leave Absences, vacation will be used in increments as small as a half hour.
12. Employees who have completed their probationary period and who wish to take unpaid leave for the birth of their child, but do not qualify for FMLA or who have exhausted FMLA at the time of the requested leave, will be allowed to take up to 6 weeks of continuous, unpaid leave for the birth of their child. If an employee is eligible for FMLA, he/she will be required to take FMLA and will not be allowed to take additional leave under this provision. Employees who are on an approved, unpaid leave under this provision for the birth of their child will not be required to take vacation time during their leave. However, they have the option if they so choose. Additionally, leave under this provision is normally available only within 90 days of the birth of the child.

13. Regular employees and part-time regular employees who are retiring will be granted the full vacation for which they have earned before they are added to the Pension Plan payroll. However, retiring employees may elect to receive a vacation allowance for unused earned vacation days for which they were eligible during the calendar year of retirement.

Regular employees and part-time regular employees eligible for a vacation with pay and whose employment is terminated before using the entire vacation they have earned during the current calendar year shall receive a vacation allowance equal to their basic hourly rate for the number of days for which they are eligible in excess of the number of days of vacation they have already taken during the current calendar year. Employees who terminate employment for any reason and have used more vacation hours than earned will be required to repay the company for the difference at their then current rate of pay. Employees who terminate or are terminated from the company during their probationary period are not eligible for payment.

In the event of termination by death, such vacation allowance shall be paid to the beneficiary of the deceased employee's Gift Group Life Insurance Policy.

14. Any employee will be allowed to defer up to forty (40) hours unused earned vacation in either eight (8) or ten (10) hour increments from one calendar year to the next without restrictions, except that (i) deferred vacation shall not interfere with an employee's choice of regular or extra vacation, and (ii) employees must complete and submit a Company-provided notification form no later than December 1<sup>st</sup> designating their intent to defer a set amount of vacation hours to the following year. Employees on leave for Short Term Disability or Workers Compensation at the end of the year will not be allowed to defer vacation.
15. Reasonable time off as required shall be granted to a regular employee and part-time regular employee in case of the death of the employee's father, mother, sister, brother, wife, husband, child, grandmother, grandfather, brother-in-law, sister-in-law, father-in-law, mother-in-law, grandchild, son-in-law, or daughter-in-law. Normally not more than three days of such time off between the death and burial will be granted without loss of basic hourly rate of pay.
16. A regular employee and part-time regular employee will be paid at his/her basic hourly rate of pay while performing jury service, during his/her basic work week but such pay shall not be allowed more than once in two consecutive calendar years. All fees received for jury service will be retained by the employee.

While on jury service, an employee shall be assigned to work on the day shift from Monday to Friday, inclusive, and shall be at work during such working hours when not on jury duty.

17. A regular employee or part-time regular employee performing court service, other than jury, under summons or subpoena will, upon notice to the Company, be paid at his/her basic hourly rate of pay for only the first day of such absence which occurs in his/her basic work week and will retain all court fees. Employees who respond to court service as a result of their outside employment will not be paid.
18. If a regular employee or part-time regular employee, upon notice to the Company, is absent during his/her basic work week to serve as Judge or Clerk in a public election, under the jurisdiction of election officials, the employee will be paid the difference between his/her basic hourly rate of pay for that day and election pay, provided the former is the larger, and will retain all fees received.

19. A regular employee and part-time regular employee may, for justifiable reasons, be granted a leave of absence without pay after reasonable notice to the Company, provided the conditions of work are such that the employee's services can be spared. During these leaves of absence seniority shall accumulate. If an employee overstays such leave, or accepts employment elsewhere during such leave without consent of the Company, he/she shall be considered to have resigned.
20. Employees who are elected by their Union to serve as delegates to Union conventions or similar Union meetings shall, after reasonable notices to the Company, be granted leaves of absence without pay for sufficient time for this purpose.
21. Covered employees will be eligible to receive 40 hours of paid sick time per calendar year, and will be allowed to roll over up to a maximum of 40 hours of unused paid sick time to the following year, to a maximum total bank of 80 hours per year. Part time employees will be eligible to receive a prorated number of hours based on their regularly scheduled hours, and will be allowed to roll over a maximum of that prorated amount each year, to a maximum bank of twice their prorated amount.

Employees who call in sick (including sick, whether paid or unpaid) and are not at work on their regularly scheduled workday on the day before or the day after a paid company holiday will not receive holiday pay. Sick time balances (regardless whether they are regular or rolled over) are not eligible for payment in the event of separation of employment, retirement or resignation.

Once an employee exhausts his or her sick bank, the next unplanned and unapproved absence will be unpaid, considered excessive, and will be addressed through the disciplinary process. Employees who fail to properly notify the Company of an unplanned and unapproved absence are also subject to discipline. The Company will consider all facts and circumstances surrounding an unplanned and unapproved absence, which may include the employee's overall attendance and performance records, reasons for being absent, and prospect for future improvement.

## **ARTICLE VII – Wages**

1. The wage rates for the period of this Agreement shall, subject to the provisions of Article IX, be those set forth in Exhibit A. (physical and clerical)
2. In all cases in which the scheduled maximum provided for in a given job classification in the attached Exhibit A is lower than the present rate of pay of an individual in that job classification, there shall be no reduction in the pay of the individual because of the adoption of the pay schedule.
3. When qualified employees are temporarily assigned to and work in a job classification which is higher than their regular job classification, they shall be paid for that day at the minimum rate for the higher job classification, or at a rate based upon their present rate plus \$.96 per day, whichever is greater. However, no adjustment will be made that would result in a rate higher than the schedule maximum of the job classification to which they are assigned.

When qualified employees are temporarily assigned to and work in a management job classification, they shall be paid for that day at a rate based upon their present rate plus \$2.00 per day.

Assignments of four hours or more in an eight hour day and five hours or more in a ten hour day shall be considered a full day under this Section. No payment will be made for such temporary assignments if they amount to less than four hours in an eight hour day or five hours in a ten hour day.

The four or five hour requirement for upgrade eligibility will not apply to employees "called out" to perform work in a higher job classification.

When an employee is training or certifying for promotion and is assigned productive work in the classification, the provisions of Article VII, Section 3 will apply. Daily upgrading will be handled within the department.

4. An employee returning from a military leave of absence who is re-employed in his/her former job classification, or a job classification which is not higher than his/her former job classification, shall receive the rate of pay provided for in the then existing time steps of the job classification, taking into account the time credit which had accrued when he/she left for military service plus the period of his/her absence because of military service.
5. If a regular employee or part-time regular employee becomes disabled and is unable to perform his/her regular work to advantage, the Company will attempt to place the employee on work within the employee's capabilities. In such cases, if the employee is placed in a job classification with a lower maximum hourly rate, the following conditions will apply:
  - (a) The hourly rate of the employee who is 55 or more years of age at the time of the transfer to the lower job classification will be frozen. The employee will not receive general wage increases until the maximum rate of the job the employee is performing is equal to the employee's frozen hourly rate of pay.
  - (b) The hourly rate of pay of an employee who is less than 55 years of age will be reduced by \$1.50 per hour immediately after the date of the transfer to the lower job classification. On the first anniversary date following the transfer and on every succeeding anniversary date the employee's hourly rate will be reduced by \$1.50 per hour. This reduction will continue until the hourly rate of the employee is equal to the maximum hourly rate of the job the employee is performing. During this period, the employee will not be eligible to receive general wage increases.
  - (c) When the employee does become eligible to receive a general wage increase, it will be based on the job being performed at the time the increase is applied.
6. New hires in to the physical bargaining unit will be paid 85% of the minimum rate of the job classification until successful completion of the probationary period.
7. New employees will not be paid for any absences (other than worker's compensation) during their probationary period.
8. The company will maintain the maximum wage pay differential for employees in the Call Center Specialist classification hired after April 2000 and the Level 3 position at .17 cents per hour.

9. Employees accepting promotions will receive an increase at the time of the promotion based on 70% of the difference of the maximum rate of the current job classification and the minimum rate of the promotional job classification. After successful completion of the qualifying period, the employee will receive 100% of the promotional increase.

## **ARTICLE VIII – Stewards / Grievances / Arbitration**

1. There shall be a reasonable number of Stewards, not to exceed 55 for all employees covered by this Agreement, who shall be selected by the Local Union they represent. Each Steward shall be assigned to a specific work group or work groups and in general the jurisdiction of one Steward shall not overlap that of any other Steward. The Union shall furnish the Company with a list of the names of the Stewards and the work groups they represent.

The number of Stewards specified may be exceeded by mutual agreement.

2. Business Representatives shall be selected by the Local Union they represent. The Union shall furnish the Company with a list of the names of the employees selected as Business Representatives.

The number of Business Representatives specified may be exceeded by mutual agreement.

3. Only regular employees of the Company, employed in the respective work groups they represent, shall be designated as Stewards and Business Representatives.
4. It shall be one of the duties of the Stewards and Business Representatives to attempt to adjust disputes or differences referred to them by any of the employees they have been designated to represent.
5. Should any dispute or difference arise between the Company and the Union or its members as to the interpretation or application of any of the provisions of this Agreement or with respect to job working conditions, the term working conditions being limited to those elements concerned with the hours when an employee is at work and the acts required of the employee during such hours, the dispute or difference shall be settled through the grievance procedure, provided that no grievance will be considered which is more than 15 calendar days old. A dispute as to whether a particular disagreement is a proper subject for the grievance procedure shall itself be treated as a grievance.

The steps in the grievance procedure are:

Step 1 -- The dispute or difference shall be presented orally by the employee concerned and discussed with his/her immediate supervisor. The Steward may accompany the employee, if the employee so requests.

Step 2 -- If the dispute or difference is not adjusted in Step 1, it shall be reduced to writing and discussed by the Steward with the Manager or Regional Director of the Department, as the case may be. The Steward may be accompanied by the Business Representative having jurisdiction. The number of Company representatives may equal, but shall not exceed, the number of Union representatives present at the Step 2 discussion. The appropriate Company representative

specified above shall give his/her written answer within 15 calendar days after the dispute or difference is presented.

Step 3 -- If the dispute or difference is not adjusted in Step 2, it will be discussed by the President/Business Manager/Financial Secretary of the Union and the appropriate Company official. The President of the Union shall be accompanied by the Steward involved and the appropriate Business Representative for the Department in which the employee works. The appropriate Company official may be accompanied by additional Company representatives equal to the number of Union representatives accompanying the President of the Union as set forth above. The appropriate Company official shall give his/her written answer within 15 calendar days after the dispute or difference is presented in Step 3.

Step 4 -- If the dispute or difference is not adjusted in Step 3, it shall be referred by the President of the Union to the Managing Director of Labor Relations. The dispute or difference shall then be discussed within 30 calendar days by a committee composed as follows:

**The Representatives of the Union**

President/Business Manager  
Senior Assistant Business Manager  
Appropriate Steward and Business Representatives

**The Representatives of the Company**

Managing Director of Labor Relations  
Director of Labor Relations  
Director, Managing Director or Vice President of the Business Unit affected

In the absence of the above specified Company representative, any principal officer may serve on this committee. Additional Company representatives, equal in number to the Union representatives set forth immediately above.

The Managing Director of Labor Relations shall give written answer within 15 calendar days after the 4th Step discussion.

Step 5 -- If the dispute or difference is not satisfactorily settled in Step 4, it may be referred, at the written request of either party, to an impartial arbitrator who shall be selected by mutual consent of the Company and the Union as soon as practicable after receipt of the request for arbitration. If the parties do not agree upon the selection of an arbitrator within 15 calendar days after receipt of the request for arbitration, the Federal Mediation and Conciliation Service shall be requested to furnish a list of five arbitrators. The party requesting arbitration shall first strike the names of two persons from the list, and the other party shall then strike two names. The remaining name shall be the Arbitrator. The Company and the Union will have the right to reject one panel for each grievance scheduled for Arbitration. The award of the Arbitrator shall be final and binding upon both parties and upon the employees or employee involved. The fees and expenses of the Arbitrator, and any other expenses agreed to by the parties prior to the arbitration, shall be shared equally by the Company and the Union. The Arbitrator shall have power and authority to arbitrate only those matters expressly made subject to arbitration by the terms of this Agreement, and shall rule only on the issues submitted to him in writing for arbitration. The Arbitrator shall have power only to interpret this Agreement and shall not have power to alter or amend it.

6. The time specified for each Step in the grievance procedure may be extended by mutual agreement.

7. Where provision is made in this Article for a Steward to represent the Union at Steps 1, 2, 3 or 4 in the grievance procedure, in the event of the Steward's absence or inability to serve, the President of the Union may appoint any other Steward or Business Representative of the Union as an alternate. The Company shall be notified of such appointments.

Where provision is made in this Article for a Business Representative to represent the Union at Steps 2, 3, or 4 in the grievance procedure, in the event of the Business Representatives absence or inability to serve, the President of the Union may appoint any other Business Representative or elected Officer of the Union as an alternate. The Company shall be notified of such appointments.

Where provision is made in this Article for the President of the Union to represent the Union at Steps 3 or 4 in the grievance procedure, in the event of the President's absence or inability to serve, the Senior Assistant Business Manager of the Union shall take his/her place.

8. At each Step above Step 1 in the grievance procedure the answer given by the Company shall be in writing. In case the Union is not satisfied with the Company's reply, it shall present a written request for further consideration to the Company's representative specified at the next higher step. The time allowed at each step will begin with the date of receipt of this request. If the Union does not carry the grievance to the next higher step within 15 calendar days after the Company has rendered its decision at any step, the grievance shall be considered settled and not subject to further discussion.
9. A grievance relating to disciplinary suspension or demotion, or discharge for cause, shall be originated at Step 3 in the grievance procedure within five calendar days after the disciplinary action is taken. If the grievance is upheld, the employee's record shall be cleared of any disciplinary action and the employee shall be reimbursed for any wages lost as a result of the disciplinary action originally taken.
10. Where practicable, notification of the Union President or Steward shall be given prior to any disciplinary action resulting in loss of pay or a written record in the employee's file. A copy of such written record shall be given to the Union.
11. In the event of a dispute or difference, the parties hereto shall continue to transact and carry on their business in the same manner as at the time of the raising of the question or questions in dispute until a settlement is reached through the grievance or arbitration procedure provided in this Article.
12. Pay at their basic hourly rate will be allowed regular employees who are officially designated Union representatives, or their alternates, as provided for in this Article, for the basic work days of their basic work week while engaged in the following steps of the grievance procedure:

Stewards	Steps 1, 2, 3 and 4
Business Representatives	Steps 2, 3, and 4

## **ARTICLE IX – Period of Agreement**

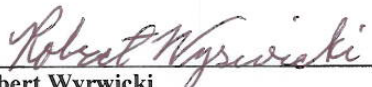

1. This Agreement when signed by the proper officials of the Company and the Union and approved by the President of the Brotherhood shall become effective as of March 1, 2014, except as otherwise expressly provided.
2. The term of this Agreement shall be from March 1, 2014 through February 28, 2017, and shall be considered renewed from term to term of one year after February 28, 2017, unless a written notice of desire to amend or terminate this Agreement is given by either party to other at least sixty (60) days prior to the expiration of the term of this Agreement or any annual renewal period. In event such written notice expresses a desire to amend the current Agreement, the substance of the amendments proposed shall be set forth in writing and accompany the notice of desire to amend.
3. The parties agree to commence negotiations on any proposed amendments not less than forty (40) days prior to the end of the then current term, and further agree that if said negotiations are not completed by the expiration date of the then current Agreement, then the term of that current Agreement shall automatically be extended so long as negotiations are in progress; however, either party may terminate the current Agreement after its expiration date on thirty (30) days' prior written notice to the other party.
4. The Company and the Union agree that they will be parties to certain supplemental agreements and memoranda of agreement not specifically provided for in this Agreement. Where such agreements provide for a fixed term, they shall be in effect for the term therein specified; where they do not provide for a fixed term, they shall remain in effect for the duration of this Agreement. A list of some, but not all, such agreements has been included below, and copies of some, but not all, such agreements have been included in Appendix C of this Agreement for purposes of convenience.
  - (a) Supplemental Agreement with respect to Pension Plan effective March 1, 2014 through February 28, 2017.
  - (b) Supplemental Agreement with respect to the Group Life Insurance Plan, Group Dependent Life Insurance Plan, Group Accidental Death and Dismemberment Plan, Group Medical Expense Insurance Plan, and Dental Plan, effective March 1, 2014 through February 28, 2017.
  - (c) Supplemental Agreement with respect to Nicor Gas Thrift Plan, effective March 1, 2014 through February 28, 2017.
  - (d) Supplemental Agreement with respect to the Employee Benefit Association, effective March 1, 2014 through February 28, 2017.
  - (e) Agreement Regarding Union Officials Local 19 (I.B.E.W.) and Nicor Gas Company revised effective March 1, 2014.
5. Changes in any current Agreement can be made in writing at any time by mutual consent.

**For Nicor Gas Company:**

  
\_\_\_\_\_  
Elizabeth Reese  
President, Nicor Gas Company

**For Local Union 19:**

  
\_\_\_\_\_  
Robert Wyrwicki  
President, Business Manager, Financial Secretary

  
\_\_\_\_\_  
Alan Talkington, Senior Assistant Business Manager

## **EXHIBIT A – Physical Wage Rates / Time and Rate Step Schedules**

Pension Bands effective for employees hired prior to January 1, 1998.  
Employees hired on or after January 1, 1998 should refer to the  
Summary Plan Description for information pertaining to pension  
benefits.

**Exhibit A**  
**Wage Rates for Physical Employees**

Job	Title	Employment Dates	Pension Band*	Schedule	2014 Min	2014 Max	2015 Min	2015 Max	2016 Min	2016 Max
1015A	Arc Welder		9	3	\$37.46	\$37.70	\$38.58	\$38.83	\$39.74	\$39.99
1025A	Associate Corrosion Control Technician		1	71	\$20.30	\$20.30	\$20.91	\$20.91	\$21.54	\$21.54

## **EXHIBIT A1 – Pension Bands**

(Physical and Clerical)

EFFECTIVE MARCH 1, 2014

THROUGH

FEBRUARY 28, 2017

Clerical employees on the payroll on or after May 17, 1988 but prior to April 1, 1994 will be administered for pension purposes according to the Pension Band applicable to employees hired prior to May 17, 1988.

Pension Bands effective for employees hired prior to January 1, 1998.

Employees hired on or after January 1, 1998 should refer to the Summary Plan Description for information pertaining to pension benefits.

**AGL Resources Inc. Retirement Plan - former Nicor Gas Pension Plan provisions  
Pension Bands Effective March 1, 2014**

**(For employees hired prior to January 1, 1998 and eligible to participate in  
the AGL Resources Inc. Retirement Plan - former Nicor Gas Pension Plan provisions)**

Pension Bands	3/1/2014 thru 2/28/2015		3/1/2015 thru 2/29/2016		3/1/2016 thru 2/28/2017	
	DOLLARS PER MONTH PER YEAR OF SERVICE

DOLLARS PER MONTH			
60 - 62	\$ 1,450.90	\$ 1,479.92	\$ 1,479.92

**EXHIBIT B – (Clerical) Promotional Series**

## EXHIBIT B – CLERICAL

1. Except as otherwise specified in this exhibit, promotions will be made on the basis of ability and length of service. The judging of ability will include consideration of such factors as appropriate experience, skill and effectiveness on the job.
2. Except as otherwise specified in this exhibit, promotions will be made on a Company-wide basis. Clerical employees will receive the rate of pay for a new job classification not requiring certification effective their first day on the new job or the 16th working day after the promotion is accepted, whichever occurs first. Employees accepting positions requiring certification will be paid the rate of pay of the new job on the 16th working day after the promotion is accepted until released. In no case will the employee be given company time to visit the job location. Final acceptance must be made within 24 hours of the following working day.
3. The following job vacancies within the clerical work group will be filled without length of service being a necessary requirement and the Company's selection will not be subject to the grievance procedure.
  - Call Center Representative, Human Resources Department (level 3).
  - Operations Representative (level 5) – Open selection from level 4.
  - Transmission Representative (level 5) – Open selection from level 4.
  - Senior Customer Care Specialist selection - The Company will have the right of selection for the Senior Customer Care Specialist (SCCS) positions, from the five senior most applicants within the Customer Care Specialist (CCS) classification with highest seniority. The selection of an employee, made according to the criteria set forth in this agreement, will not be subject to the grievance procedure. An employee passed up under the bidding process outlined in this agreement will, upon inquiry, be informed by the company of the reason why he/she was not promoted.
  - Console Operator (level 8)
    - 1) There will be complete flexibility between bargaining unit personnel classified as Console Operator and management personnel. Both groups can and will be doing the same type of work.
    - 2) Company-wide clerical posting and interviewing for selection.
    - 3) Testing as prescribed by the Company.
    - 4) More applicants may be screened than will be actually needed in order to select the best possible employees.
    - 5) Special training which may be both on and off Company premises.
    - 6) Dropping candidates at any point in the selection process when it becomes evident that they are not qualified for this type of work. The qualifying period will normally not exceed six (6) months.
    - 7) Employees selected for training will not be promoted until they have successfully completed their training and are accepted for the Console Operator classification. The work normally performed by such employees will, when necessary, be temporarily filled by upgrading while these employees are in training.
4. With the exception of the classifications listed in section 5, the promotional ground rules for vacancies in the clerical work group are as follows:
  - a. Level 1 employees will be given first consideration for vacancies in level 2 job classifications on the basis of service providing that such employees have the required skill(s).

- b. Level 1, level 2 and level 2A will be combined on the basis of service for consideration for promotion to level 3 providing that such employees have the required skill(s).
- c. Level 1, level 2, level 2A and level 3 will be combined on the basis of service for consideration for promotion to level 4.
- d. Level 4 and level 4A employees will be considered on the basis of service for consideration for promotion to level 5.

If no qualified employee is available from this level, then consideration will be given to all employees in the next lower level, etc., through each succeeding level until an employee is found to fill the job.

- e. If no qualified employee is available within these levels, an employee may be hired to fill the job.
- f. Employees in lower numerical groups than the employee selected shall have no grievance.
- g. An employee passed up will, upon inquiry, be informed by the Company of the reason why she/he was not promoted and may enter a grievance.
- h. All clerical job promotional opportunities, levels 3, 4, and 5 will be subject to the electronic posting procedures posted consistent with the term of Article III, Section 8 of the agreement.

#### Promotions – Levels 6 through 8

- A. Jobs in levels 6 through 8 shall be known as “bid” jobs. These jobs can best be filled by persons with a variety of related experience with the Company.
  - B. In making promotions to “bid” jobs, the vacancy will be posted consistent with the terms of Article III, Section 8. Electronic confirmation will be sent to each employee who applies within the ten day period that their application was received. Any interested employee in a lower level may apply online as set forth under Article III, Section 8 of the agreement.
  - C. Consideration will be given to all bidding employees. Selections will be made in accordance with Section 1 of Exhibit B and a point system to be administered on the following basis:
    - (1) One point to be awarded for each year of service. (6 months or more of service before posted date equals one full year credit, less than 6 months receives no credit.)
    - (2) The Clerical level of the bidding employee will equate to an equivalent number of points. (i.e., Level 4 = 4 points, Level 5 = 5 points)
    - (3) The candidate chosen by the selection committee will be awarded points based on the following: Level 8 bid jobs – 8 points; level 7 bid jobs – 7 points; Level 6 bid jobs – 5 points; Level 5 bid job – 5 points. The employee totaling the greatest number of points will be selected unless the Company determines that another bidding employee is more qualified.
  - D. If no qualified employee is available as a result of the bidding procedure, then the Company may select any employee or hire someone to fill such job.
  - E. Employees who do not make application within the period of posting shall have no grievance.
  - F. An employee passed up under the bidding procedure outlined in this Section will upon inquiry, be informed by the Company of the reason why she/he was not promoted and may enter a grievance.
5. The following jobs will be filled according to the terms of the specified negotiated agreements:

<b>JOB TITLE</b>	<b>LEVEL</b>	<b>DEPARTMENT</b>	<b>PRE-REQUISITE</b>	<b>SELECTION AGREEMENT</b>	<b>CERTIFICATION</b>

\*Clerical employees will be given the opportunity to take and pass the CC&B training course. Clerical employees that are unable to successfully pass the CC&B training course will be ineligible to re-take the CC&B training course for a 12 month period.

6. All qualified Customer Care Specialists may volunteer, on a seniority basis, to fill positions in a Spanish-speaking queue that will manage calls from Spanish and non-Spanish speaking callers. The Company will designate a number of positions for the Spanish language queue based on its determination of business needs and call volumes, and retains discretion to increase or to decrease the number of available positions in the queue at any time. To be eligible for volunteering for and remaining in the Spanish language queue, a Customer Care Specialist must demonstrate the ability to speak Spanish, have adequate language skills to converse with customers, and continue to meet performance standards to the Company's satisfaction. Additionally, each Customer Care Specialist must commit to remain in the Spanish language queue for at least 6 months. If there are inadequate resources from the existing pool of volunteers, the company would then be able to hire new employees to fill the queue.

Customer Care Specialists in the Spanish language queue will receive a premium of \$.50 for all hours worked in the pool, regardless of the types of calls handled. Spanish language queue staffing will be independent of all non-Spanish queues staffing in regard to shifts, hours of work, and breaks. Removal from the Spanish Queue will make affected employees ineligible for the \$.50 for all hours, and will return them to normal provisions regarding shifts, hours of work, and breaks.

## 7. Job Levels

**EXHIBIT B – (Physical) Lines of Promotion and Demotion**

## EXHIBIT B

### LINES OF PROMOTION AND DEMOTION (PHYSICAL BARGAINING UNIT) General Notes

1. Each line of promotion and demotion shall be applied by service time on a company-wide basis, except as noted. The lines of promotion and demotion as of the effective date of March 1, 2009 shall be maintained unless changed by mutual consent of the Company and Local Union 19.
2. (a) Future promotions requiring certification will be based on ability, service and qualifications. Qualifications will be determined by testing, training and job experience. The provisions of Procedures for Testing Candidates for Job Vacancies Requiring Certification, revised March 1, 2009, shall apply.  
  
(b) Promotions to all job classifications will be made in accordance with applicable provisions of this Exhibit B and will be based on ability and service. Where the ability and service of candidates for promotion under this paragraph (b) are substantially equal, the employee with the most service will be the one promoted.  
  
(c) Part-time employees promoting to full-time positions will be promoted based on their seniority with other employees in their previous full-time job classification.
3. A vacancy in the Helper classification shall be filled by:  
  
A voluntary lateral transfer of a Helper provided the employee has at least 24 months in his/her present Helper assignment, and has not been offered a promotional opportunity (excluding \*X). The 24-month restriction may be waived by mutual consent. When there is more than one lateral in a department, the Company and the Union will work out the timing of the laterals.
4. The Company will develop training programs for promotion to all classifications. Additionally, the Company will suggest independent courses, which the employees may pursue to aid in their promotional development. Such courses, if approved, would qualify for in-company tuition refund program.
5. Employees being considered for promotion will be given a training and qualifying period as provided under Article III, Section 11. Extensions may be granted by mutual consent. A payroll increase will be granted when they have successfully passed the test and are certified. Employees who fail to certify or successfully complete the probationary period will be returned to their former classification.
6. Testing agreed to by the Company and Local Union 19 will be implemented for Meter Readers and Helpers hired after 2007 promoting to a mechanic level job classification or equivalent.
7. Selection of Utility Inspector (Operations) and Utility Inspector (Asset Protection).

The Company will maintain a minimum of 24 total Utility Inspectors for the duration of this Agreement. Even though the number of actual Utility Inspectors may exceed 24 at any point in time, the company is not obligated to keep more than 24 positions filled under this article.

When the Company fills an opening in either of the Utility Inspector classifications, it will come from employees currently in classifications listed in the promotional series as found in Exhibit B (Physical) of the Agreement. To be eligible to participate in this promotional series, employees must take and pass qualification testing. Materials will be made available for the employees to review in advance of such testing. The Company will have the right to choose any employee who has completed at least 18 years of service, and successfully passes the testing. The selection of an employee, made according to the criteria set forth in this Agreement, will not be subject to the grievance procedure. An employee passed up under the bidding process outlined in the Agreement will, upon inquiry, be informed by the company of the reason why he/she was not promoted.

**EXHIBIT C – Memorandums of Agreement**

Between

Union Local 19

and

Nicor Gas Company

**MEMORANDUM OF UNDERSTANDING**  
**Between Union Local 19 (IBEW)**  
**and Nicor Gas**  
**(Dated February 9, 1971)**

This Memorandum sets forth the understanding reached between the parties during the course of the 1971 contract negotiations regarding the implementation of the overtime equalization provisions stated in Article IV, Section 17 (Physical) and Section 16 (Clerical).

The parties agreed and will comply with the following:

1. When employees are improperly bypassed in the assignment of overtime:
  - a. The Company will not be obligated to pay for work not performed.
  - b. The bypassed employee will be offered an opportunity to work an equivalent number of overtime hours within 30 calendar days.
  - c. The number of employees eligible for consideration under item 1(b) is limited to the number that worked the original assignment.
2. The bi-weekly computer overtime lists will be used as the basis for all call out procedures.
3. Where items 1 and 2 conflict with existing procedures they will be superseded by this Memorandum.

**REVISED MEMORANDUM OF UNDERSTANDING**  
**Between System Local 19 and**  
**Nicor Gas**  
**(Dated February 1, 1974)**  
**(Revised February 1, 1985, March 1, 2000 and March 1, 2004)**

This Memorandum sets forth the understanding reached between the parties during the course of the contract negotiations regarding disabled employees who are unable to perform the required functions of their job classifications.

1. The Company will continue to attempt to place such employees on work that they can satisfactorily perform.
2. Such disabled employees may be utilized on work that has been traditionally available provided they are capable of performing the work. To this end, it is essential that Union Local 19 representatives cooperate with the Company to facilitate such assignments.
3. If the disabled employee is placed in a lower job classification, the provisions of Article VII, Section 5 of the Collective Bargaining Agreements will be applied.
4. An employee being administered under the provision of Article VII, Section 5 may transfer or promote to other job classifications in accordance with the provisions of the Collective Bargaining Agreement. Such transfer or promotion will be contingent upon medical proof satisfactory to the Company that the disabled employee can perform all of the required duties of the new job classification.

In the determination of medical proof, the opinion of the employee's doctor may differ from the findings of the Company physician. In that event, the Company will appoint a third physician whose decision will be final.

Any disabled employee who transfers from the physical bargaining unit to the clerical bargaining unit will not be eligible under any circumstances to return to the physical bargaining unit.

5. An employee placed in a lower job classification and administered under the provision of Article VII, Section 5 will receive pension credit for all time spent in the higher job classification based on the pension band in effect at the time of retirement.
6. In the event the Company determines that no work is available, the following program will be available:
  - a. Extended Disability Income Plan

Disabled employees age 45 or more with at least 23 years of service will be eligible for extended disability payments equal to 50% of their "final pay" (average of highest consecutive 5 years).

These payments would continue until the earlier of:

- (i) Age 55 or,
- (ii) the employee receives a Social Security Disability Award.

7. The disability programs outlined in Section 6 is established for employees who:
  - a. are unable to work efficiently because of a disability,
  - b. cannot qualify for the disability provisions of the Retirement Plan.

Illustrative conditions when, with medical evidence, these programs could be applied are:

The employee is no longer physically or mentally capable of performing his/her work in an efficient and satisfactory manner;

Though still capable of performing his/her work satisfactorily, the employee is prevented by chronic illness or physical disability (less than total) from working regularly to the extent that efficiency of operation is interfered with;

An employee's condition is such that although able to perform the duties of his/her job efficiently and satisfactorily, the employee would thereby be jeopardizing his/her health or that of fellow employees or the public.

**PROCEDURES FOR TESTING CANDIDATES  
FOR JOBS REQUIRING CERTIFICATION  
(Dated March 31, 1975)  
(Revised February 1, 1985, July 1, 1997, March 1, 2000,  
March 1, 2004, March 1, 2009 and March 1, 2014)**

On a semi-annual basis, management will determine, based on workload, whether any vacancies will exist in any classification. If a vacancy exists, the following procedures will apply:

1. Contacts for job vacancies in all classifications will be made by the Human Resource Department.
2. Entry level employees (Locators, Helpers, Meter Readers) who accept a given vacancy will have the first five (5) working days in the department where the vacancy exists to elect to continue with the training and certification process. Should the candidate decide during this initial time period to return to his/her original job classification, the employee will be ineligible to fill the same vacancy for one year.
3. Depending on a candidate's existing position and whether they are entering the Distribution Technician, Distribution Mechanic, Operations Mechanic, Senior Operations Mechanic, Senior Operations Cross-Tie Mechanic or Distribution Plastic Operator training and certification, an evaluation of the candidate's skills will be assessed. Candidates training will be administered based on their individual skill needs.
4. Candidates will be given an appropriate training period. Training will consist of a combination of classroom training, field training and voluntary home assignments based on the individual's needs. Time spent in welding school will not be included in this training period. The training periods for classifications requiring certification are:

<u>Job Classification</u>	<u>Minimum</u>	<u>Maximum</u>
Crew Leader (all classifications)		8 continuous weeks
Utility Inspector (Operations)		12 continuous weeks
Utility Inspector (Asset Protection)		8 continuous weeks
Sr. Distribution Plastic Operator		To Be Determined
Senior Specialist		6 continuous weeks
Distribution Technician	8	12 continuous weeks
Fleet Management Technician		12 continuous weeks
Storage Technician		12 continuous weeks
Specialist – Phase I		4 continuous weeks
Phase II		5 continuous weeks
Distribution Plastic Operator	4	10 continuous weeks
Watch & Protect Locator		3 continuous weeks
Senior Operations Mechanic	2	6 continuous weeks
Senior Operations Cross-Tie Mechanic	2	6 continuous weeks

<u>Job Classification</u>	<u>Minimum</u>	<u>Maximum</u>
Senior Controller		8 continuous weeks
Distribution Mechanic	13	15 continuous weeks
Fleet Management Mechanic		12 continuous weeks
Operations Mechanic	8	12 continuous weeks
Storage Mechanic – Phase I		8 continuous weeks
Phase II		6 continuous weeks
Controller – Phase I		4 continuous weeks
Phase II		6 continuous weeks
General Facility Property Mechanic		12 continuous weeks
Senior Facility/Property Mechanic		12 continuous weeks
Utility Facility/Property Mechanic		12 continuous weeks
Distribution Plastic Laborer		8 continuous weeks
Leak Survey Specialist		8 continuous weeks
System Laborer – Phase I		3 continuous weeks
Phase II		3 continuous weeks

5. At some point within the formal training period, the individual must state that he/she is ready to begin the certification process. Certification is as follows:

<u>Job Classification</u>	<u>Minimum</u>	<u>Maximum</u>
Crew Leader (all classifications)		30 days to certify
Utility Inspector (Operations)		30 days to certify
Utility Inspector (Asset Protection)		14 days to certify
Sr. Distribution Plastic Operator		To Be Determined
Senior Specialist		30 days to certify
Distribution Technician	30	60 days to certify
Fleet Management Technician		60 days to certify
Storage Technician		60 days to certify
Specialist – Phase I		30 days to certify
Phase II		30 days to certify
Distribution Plastic Operator	14	45 days to certify
Watch & Protect Locator		14 days to certify
Senior Operations Mechanic		21 days to certify
Senior Operations Cross-Tie Mechanic		21 days to certify
Senior Controller		30 days to certify
Distribution Mechanic	42	60 days to certify
Fleet Management Mechanic		60 days to certify
Operations Mechanic	42	60 days to certify
Storage Mechanic – Phase I		60 days to certify
Phase II		60 days to certify
Controller – Phase I		20 days to certify
Phase II		10 days to certify

<b><u>Job Classification</u></b>	<b><u>Minimum</u></b>	<b><u>Maximum</u></b>
General Facility Property Mechanic		60 days to certify
Senior Facility Property Mechanic		60 days to certify
Utility Facility Property Mechanic		60 days to certify
Distribution Plastic Laborer		30 days to certify
Leak Survey Specialist		14 days to certify
System Laborer – Phase I		7 days to certify
Phase II		7 days to certify

The candidate may complete his/her certification any time within the scheduled period, provided the time is mutually agreeable to both the employee and the company. If the employee fails to be certified on his/her first attempt, he/she will be given a second opportunity within the scheduled period.

6. If an entry level employee, for any reason returns to his/her original job classification following the time period outlined in Section 2 of this memorandum, the employee will be ineligible to fill any vacancy for one year. Any employee, above entry level, who returns to his/her original job classification, will be ineligible to fill any vacancy for one year.
7. Certification tests will be administered by management personnel selected by the Training Department. The certification will be audited from time to time by the Union.
8. When an employee is certified, he/she will be granted a promotional increase in accordance with the terms of the Collective Bargaining Agreement.
9. After an employee has been certified, the provisions of Article III, Section 10 (90 day training and qualifying period) shall become effective.
10. Employees who accept a promotion and are not released within 60 days will receive a payment of \$100.00 upon certification. In addition, employees will be paid an additional \$50 for every 30 days they are delayed from the initial 60 days upon certification.

**STATEMENTS COVERING ITEMS OF UNDERSTANDING**  
**RE: TWO PERSONS ON STEEL AND PROMOTIONAL SEQUENCE**  
**(Dated February 15, 1994 and revised**  
**March 1, 2000, March 1, 2009 and March 1, 2014)**

Promotions will be based on ability, qualifications and service. Qualifications will be determined by testing, training and job experience.

Meter Readers and Helpers hired after 2007 will be required to pass a test before being eligible to promote to the mechanic level job classification or equivalent.

Normally, the installation of plastic services under 2" will be a proper two person assignment (Laborer and Operator). Normally, the installation of 2" plastic services will be a proper two person assignment (Crew Leader and Operator).

Normally, new and replacement of services 2" and over other than 2" plastic services, and all new and replacement main installations will require more than two persons with the exception of the installation of 2" or smaller plastic main which will be a proper two person assignment (Crew Leader and Operator). Meter sets, meter move-outs or cross ties, and service valves on risers 1-1/4" or less would be a proper assignment for one employee (Mechanic or Technician).

Repair of P.A.C. or plastic services under 2" during daylight hours will be a proper assignment for one employee. Technician rate will be paid when 2 or more repairs are made during daylight hours. Repair of services less than 2" after dark will be a proper assignment for one person at the Technician rate. Employees can continue to call for a second person when needed, day or night, in lieu of upgrade.

Call out for the repair of services less than 2" will be a proper assignment for two persons. The Lead Person will be paid the Crew Leader rate, and the second person will be at the Mechanic rate or above. During daylight savings time, call-out for the replacement of services less than 2" will be a proper two person assignment when plastic is the replacement material. The Lead Person will be paid the Crew Leader rate, and the second person will be at the Mechanic rate or above. If daylight savings time no longer exists, it will revert to the same period of time described in months which currently is March through October.

All other Construction and Maintenance work could be assigned to a two person crew. However, additional personnel will be assigned to a particular job depending on its characteristics. When blowing gas is a factor in repairs on underground mains, more than two persons will be utilized, if necessary, to ensure the protection of the employee and/or the public. It is recognized that other work assignments may also require more than two persons.

However, upgrade to Crew Leader will be based on job assignment not size of the crew. There will be no upgrade to Crew Leader for the installation of new or replaced services under 2", concrete driveway openings and sidewalk openings that have a nominal thickness of 4" or less, alley openings (unless the alley opening requires concrete and spoil removal which necessitates a third person) or when traffic control is required.

**MEMORANDUM OF AGREEMENT**  
**FIELD OPERATIONS PROJECTS MARCH 1, 2014**

In an effort to leverage the Field Operations workforce fully and efficiently to complete planned project work, the Union and Company have come to the following agreement.

The Company will create the new job classification of Senior Operations Cross Tie Mechanic; this job classification will be paid at the Senior Operations Mechanic wage rate and pension band, and employees promoted into this classification will be trained and certified as Senior Operations Mechanics.

The Company will also create a new department called Field Operations Projects (“Department”), which will have the primary duty of completing project work related to ongoing main replacement and meter cross tie piping work. Employees reporting to the Department will have a separate overtime list, shift schedule, and vacation schedule. The work location for the Department is defined to be the service areas covered by the Glen Ellyn, Des Plaines, and Bellwood Service Centers.

The Department will initially be staffed with 16 individuals promoted from the Distribution Mechanic and Operations Mechanic job classifications into the Senior Operations Mechanic classification. These 16 employees will initially be assigned in the following manner: six employees at the Bellwood Service Center, four employees at the Glen Ellyn Service Center, and six employees at the Des Plaines Service Center; however, the Company may reassign employees to service centers within the work location at any time, or modify the number of positions in this department as it deems necessary.

The Company will maintain a collective total of no fewer than 200 Operations Mechanics and Senior Operations Mechanics for the duration of the current Collective Bargaining Agreement.

The parties further agree that this Memorandum of Agreement resolves all issues relating to Grievance number 22-13-19, and the parties’ obligations under this agreement will cease when the current Collective Bargaining Agreement expires.

## **PROCEDURES FOR HANDLING DRIVER'S LICENSE SUSPENSIONS**

This policy will apply to hourly employees who have their driver's licenses suspended and need a license to perform their job assignments:

1. An employee caught driving with a suspended driver's license will be placed on a disciplinary suspension until he/she secures either a driver's license or a permit which will allow the employee to perform all of the responsibilities of the job including the ability to drive 24 hours a day and seven days a week. Employees who are unable to secure a license or unrestricted permit within a six month period from the date of the license suspension will be terminated.
2. An employee who notifies the company in advance of his/her suspension, but is unable to maintain his/her license or secure a permit, will be accommodated to the extent that it is practicable from a business standpoint. This accommodation, however, will not include "make work assignments". Also, if the job assignment is in a classification lower than the employee's current classification, the employee would be paid at the maximum rate of the lower job classification. If the employee can be accommodated, they shall not be eligible for mileage reimbursement.

Such an accommodation will last for no more than a 12 month period. If after the 12 month period of time the employee is unable to regain his/her driving status which allows the employee to perform all of his/her job responsibilities the employee will be placed on disciplinary suspension.

If the employee cannot secure a driver's license or an unrestricted permit within 90 days of the disciplinary suspension, the employee will be terminated.

3. An employee faced with suspension of his/her driving privileges a second time whether or not accommodated for the first suspension, and or caught driving with a suspended license a second time will be placed on a disciplinary suspension. If the employee does not secure a driver's license or an unrestricted permit within six months of the license suspension, the employee will be terminated.

**ASSISTANCE WITH DOT PHYSICALS AND  
OBTAINING A MEDICAL CARD  
MARCH 1, 2014**

As required and defined by the Department of Transportation (DOT), individuals holding certain safety sensitive roles must have or obtain a DOT mandated physical and secure a valid DOT Medical Card.

To qualify for company assistance with paying for one annual DOT mandated physical, the following provisions apply:

- The employee must currently be in a role or in the process of being promoted or transferred to a role that requires a DOT Medical Card.
- The physical must be conducted by a DOT certified medical examiner (as outlined by the DOT regulations).

The process is as follows:

- An employee is notified of the obligation to obtain or update an expiring DOT Medical Card by their Supervisor or appropriate Company representative.
- The employee is scheduled for an appointment at a company designated clinic. At time of scheduling, the Supervisor or appropriate Company representative will confirm that the clinic has the appropriate DOT certified medical examiner available to perform the physical.
- Employee goes to the clinic and the physical is conducted.

Additional Terms:

- Employees are responsible for any additional follow-up medical tests as required by the medical examiner prior to the issuance of a DOT medical card. The follow-up appointments and tests must be conducted on the employee's own time and paid for via their own medical plan coverage.
- Employees are limited to assistance with one annual DOT mandated physical.
- Employees who receive a valid DOT Medical card for a period of two years will not be entitled to alternate financial assistance or reimbursement during the years when no annual DOT physical is required.
- The company will pay for the DOT physical via direct bill from the approved clinic when scheduled by the Supervisor or appropriate Company representative.
- If an employee chooses to obtain their annual DOT physical at non-company designated clinic, the company will reimburse the employee for actual "out-of-pocket" costs up to a maximum of \$150. Employees must receive advance approval to go to their own clinic. The employee must submit confirmation that the physical has been conducted by a DOT certified medical examiner and acceptable proof of the "out-of-pocket" costs in order to receive any reimbursement.

**MEMORANDUM OF AGREEMENT**  
**RE: PER DIEM ALLOWANCE**

The following agreement has been reached, effective March 1, 1997, between the Company and Union Local 19, regarding the per diem allowance provisions and other ground rules that affect employees required to be away from home overnight or longer.

- | 1. | Per diem allowance will be granted as follows:   | <u>Amount of Allowance</u> |
|----|--|----------------------------|
| a. | Day of departure from regular reporting center.  | \$25                       |
| b. | Day of return to regular reporting center which can be basic work day or an RDO.   | \$25                       |
| c. | All other days while away from home.   | \$35                       |
| d. | On the day of departure or return, the allowance will be \$35 if the departure or return is two or more hours before or after the employee's scheduled regular hours. The application of these per diem ground rules will supersede any meal allowance provisions contained in Article IV, Section 23 (a) of the Collective Bargaining Agreement. However, in cases involving extended overtime, the meal allowance provisions of Article VI, Section 23 (b) will become effective after working seven hours immediately following the employee's scheduled regular hours. |                            |

Should an employee who has worked overtime be ineligible for a meal allowance because of the previous provisions, the time reporting form should indicate "meal furnished" to eliminate duplication of payment by Payroll Accounting.

2. Employees may be scheduled for overtime work while assigned out of town (example: scheduled ten-hour days for five or six workdays). In cases involving inclement weather, employees will be paid for the hours in their basic workday, and any overtime hours scheduled to precede the regular work day. Pay for overtime following the regular workday will be based on hours actually worked.
3. The per diem allowance will cover all incidental expenses, including telephone calls. Where practicable, the WATS line will be made available.

**REVISION EXHIBIT III – 1997 CONTRACT NEGOTIATION  
OF AGREEMENT AS REVISED JUNE 30, 1998**

Effective January 11, 1999, the incentive plan for Distribution Plastic Laborers and Distribution Plastic Operators agreed as part of the 1997 Contract negotiations and revised June 30, 1998 will be revised as follows:

- During the months of January and February and up to March 15th the requirements for Distribution Plastic crews meeting daily incentives will be reduced by one service.
- On regular scheduled work days, when company called information meetings at the beginning of the work day last for 1 ½ hours or longer, the number of services necessary for Distribution Plastic crews to complete for incentive purposes will be reduced by one.
- On a daily basis, Distribution Plastic crew members will receive \$35.00 for each service completed that exceeds the number of completed services necessary for the incentive rate.

This payment will be made to eligible Distribution Plastic Operators and Distribution Plastic Laborers on a quarterly basis, (i.e., payments earned in January, February and March will be paid in April of that year).

- Three plastic classification employees who install services utilizing one digging machine have a base incentive goal of five services in an eight-hour day and seven services in a ten-hour day.
- Three plastic classification employees who install services utilizing two digging machines will have a base incentive goal of six services in an eight-hour day and eight services in a ten-hour day.

When two machines are being utilized, at least two members of the three person plastic crew will be paid the Distribution Operator rate.

Also, part of this agreement is that the company agrees to maintain at least 15 full-time plastic crews and will also have the ability to add up to four part-time plastic crews to the payroll.

No more than two of these part-time crews will be made in each of the two managerial organized regions.

Also, the union agrees to withdraw grievance 49-98-19 based on the contents of this agreement.

**For the Company:**

Mike Youngs                      1/11/99

Mike Musial                      1/11/99

**For the Union:**

Neil Brown                      1/15/99

**REVISIONS TO FLEET MANAGEMENT DEPARTMENT REQUIREMENTS  
AND THE RELATED PROMOTIONAL SEQUENCE**

**(Revised March 4, 1997)**

**(Revised March 1, 2004)**

**A. General Information**

1. **Uniform Service:** Once an employee qualifies to receive this service, it will be the responsibility of the employee to keep track of the uniforms. Lost items will be replaced at employee expense. Replacements due to normal wear and tear will be incurred by the company.
2. **Tools:** The tool allowance will only be used for tools necessary to work on the company's fleet. The allowance will be reimbursed with the presentation of a receipt and verification that the tool is necessary for working on the company fleet.

The annual tool allowance provision will be improved as follows:

- Helpers will be eligible for a \$200 tool allowance after possessing or obtaining two ASE certifications.
  - The tool allowance for Mechanics, Technicians and Crew Leaders will be increased to \$250 annually.
  - Employees in the Mechanic, Technician and Crew Leader classifications will be eligible for an additional \$50 to the tool allowance for each ASE certification they receive and maintain over five up to a maximum of \$500.
3. **A.S.E. Certification:** The company will pay for one preparation class per employee. The employee will be given two opportunities to certify. Certification tests are given in May and November of each year. The preparation class is a four-day class. The company pays for the testing up to two times and will give the employee company time to take the test.
  4. **Recertification:** Recertification is required every 5 years for employees in the Fleet Management Department after 3/1/97. All employees will be given two opportunities to recertify. Recertification testing also takes place in May and November of each year. The company pays for the recertification testing up to two times and will give the employee company time to take the test.
  5. **Failure to Recertify:** Employees, on the payroll before 3-1-97, will not be penalized for failure to recertify. However, promotions to Crew Leader will require the employee to be A.S.E. certified in 5 mandatory A.S.E. classifications.

Employees hired after 3/1/97 must recertify. Failure to do so will result in demotion to the next level in which they are able to meet the A.S.E. requirements.

The mandatory five A.S.E. tests include:

- Engine Repair
- Brakes
- Electrical/Electronic Systems
- Engine Performance
- Suspension and Steering

**B. Employees prior to March 1, 1997**

Will not be subject to demotions and will not be forced to become A.S.E. certified, except in the case of a Technician promoting to Crew Leader. All others will, however, be encouraged to attempt to become A.S.E. certified.

**Helpers:** Will qualify for uniform service upon contract ratification. They have the opportunity to qualify for the tool allowance if they become A.S.E. certified in at least 2 categories from the list of five mandatory categories. They must pass Nicor Mechanic certification to promote to Mechanic.

**Mechanics:** Qualify for both the tool allowance and uniform service at ratification. Must pass Nicor certification to promote to Technician.

**Technicians:** Qualify for both the tool allowance and uniform service at ratification. Must pass Nicor certification to promote to Crew Leader, and must pass the 5 mandatory A.S.E. tests listed above to promote to Crew Leader. Upgrade to Crew Leader would be given to the Technician with the most seniority who has A.S.E. certified in the 5 mandatory A.S.E. tests (after all technicians have been given an opportunity to certify). If no technician is A.S.E. certified, upgrade would go to the senior Technician.

**Crew Leaders:** Qualify for both the tool allowance and uniform service at ratification. Crew Leaders promoted after ratification must attempt to recertify; however, there will be no penalty or demotion if they fail to recertify. They must pass the 5 mandatory A.S.E. tests to become Crew Leader.

**C. Future Promotions/Hires**

Employees hired after ratification: Failure to recertify could result in demotion and loss of tool allowance and uniform service.

**Helpers:** Helpers who transfer to the Fleet Management Department as a Helper within one year from the date of ratification, will be allowed 12 months from the date of their transfer to obtain two A.S.E. certifications. Employees who are unable to obtain the two A.S.E. certifications will be returned to their prior job classification.

After one year from the date of ratification, Helpers will be required to possess two A.S.E. certifications before being considered for a transfer to a Helper position in the Fleet Management Department.

Helpers who pass A.S.E. certification in 2 tests from the mandatory list of 5 will be eligible to receive the \$200 tool allowance and the uniform service. Helpers must pass Nicor certification and A.S.E. certification in at least 4 of 8 tests (3 out of the mandatory list) to promote to the Mechanic level.

**Mechanics:** Tool allowance and uniform service will only be provided when A.S.E. certification in 4 of 8 tests (3 to be from mandatory list of 5) is obtained. The tool allowance and uniform service will be maintained as long as the employee recertifies. Failure to recertify will result in demotion to the helper classification. Employee will not be demoted until 2 recertification attempts have been made and failed. In addition to A.S.E. certification, each employee must successfully complete the Nicor Mechanic certification. Must pass Nicor Technician certification and A.S.E. requirements for Technicians to be qualified to promote or to upgrade.

**Technicians:** Must pass Nicor Technician certification and all A.S.E. certification tests. Must A.S.E. recertify every five years. Failure to recertify after two attempts will result in demotion. Tool allowance and uniform service will continue to be provided as long as the minimum requirements of the mechanic classification are met. It is possible for a Technician to be demoted to a helper and lose the tool allowance and uniform service. Upgrade to Crew Leader will be the Senior Technician who has A.S.E. certified as a Master Mechanic.

**Crew Leader:** Must pass all 8 A.S.E. certification tests to become a Master Mechanic and promote to Crew Leader. The Nicor Crew Leader certification must be completed successfully. Must A.S.E. recertify every five years. Crew Leader will be demoted to the appropriate job classification based on the number of A.S.E. tests passed, after attempting two re-certifications, if unable to recertify in all 8. The Senior Technician will be allowed to exhaust both opportunities to certify before being bypassed for the promotion.

## MEMORANDUM OF UNDERSTANDING

### PART-TIME PROVISIONS

(Dated March 4, 1997)

(Revised March 1, 2000)

- A. **PART-TIME** – With the mutual intent to maintain and/or increase the Bargaining Unit membership, and offer additional flexibility to the Company, the following part-time language shall apply:
1. **Physical Bargaining Unit**  
  
The number of part-time employees shall be limited to 30% of all Helper classifications, 30% of all Locators, 25% of the Operations Mechanic classification, 15% of all other Mechanic classifications, 15% of all Technician classifications, 30% of Distribution Plastic Operator classification and 30% of Distribution Plastic Laborer classification. The above percentages shall be on a company-wide basis.
  2. **Clerical Bargaining Unit**  
  
The clerical classifications other than those classifications in the Customer Care Call Center shall be limited to 30% of level 1, 30% of level 2, 15% of level 3, 15% of level 4 classifications, and 20% of the Operations Representative classification. In addition, the number of part-time employees shall be limited to 15%, or two (2), whichever is greater, of the Collector classification.  
  
The total percentage of part-time employees within the Customer Care Call Center shall be limited to 35% of the Customer Care Specialists classification. Part-time employees in the Customer Care Call Center will be assigned to a fixed day schedule for not less than ninety (90) days.
- B. This agreement supersedes the part-time provisions dated March 4, 1997.
- C. The amended agreements dated April 12, 1994, and December 2, 1994, are continued by mutual agreement.
- D. **Staffing**
1. The process to be used in filling part-time positions will be completed in the following manner:
    - a. Voluntary full-time to part-time transfers of present employees in the affected job classification within the department, into an open and identified part-time position. Upon 10 days notice, the company may permanently return those employees to full-time status based on their service date. Those affected employees, who desire to return to part-time, will have the first opportunity to do so.
    - b. If additional positions are to be filled, next consideration will be given to present employees who promote in accordance with Article III of the Clerical and Physical Collective Bargaining Agreement.
    - c. Remaining positions will be filled by accepting transfer requests of qualified employees before hiring new part-time employees, and must be by mutual consent between the Union and the company.

E. **Promotions, Transfers, Demotions, and Layoffs**

1. Part-time employees will earn seniority at the same rate as full-time regular employees.
2. New hires into part-time positions, with less seniority than full-time employees in lower job classifications, will not be eligible to transfer or promote to a full-time position, or into a like job classification, if an employee in a lower job classification is eligible for promotion, in accordance with Article III, of the Collective Bargaining Agreement.
3. Incumbent full-time employees, transferring into part-time positions, will be promoted, based on their seniority, with other employees in their job classification.
4. Incumbent full-time employees, promoting to part-time positions, will be promoted based on their seniority, with other employees in their previous full-time job classification.
5. In the event it becomes necessary to reduce the number of employees in a job classification due to lack of work, part-time employees will be affected according to their service with the company.

F. **Overtime**

1. Overtime, at the rate of time and one half, of the hourly rate, shall be paid after forty (40) hours per week.
2. Overtime, when required, is the responsibility of full-time employees. A part-time employee will not be asked to extend, unless all full-time employees have, first, been asked to fill those hours on an overtime basis. Part-time employees will not be scheduled additional days/hours when 48 hours notice is not given and full-time employees are available to work.
3. In cases of call-outs, all full-time employees will be contacted first. If additional personnel are required, part-time employees may be called out.
4. Staffing, for holidays, will be done by utilizing full-time employees. If additional personnel are required, part-time employees will be contacted.
5. Part-time employees shall not be included on regular Sunday shifts, of eight (8) or ten (10) hours, until all full-time employees have been given the opportunity for those shifts.
6. If part-time employees are not replaced by full-time employees, in extended day situations which would have resulted in loss of overtime for full-time employees, the bypassed overtime provisions will apply.
7. Upgrade opportunities will be available to full-time regular employees first.

**G. Other Provisions**

1. Part-time regular employees shall, as a condition of employment, join the Union, in accordance with Article II, of the Collective Bargaining Agreement.
2. Full-time regular employees shall not be forced into a part-time position.
3. Part-time regular employees will be paid at the rate equivalent to their job level, as specified in the Collective Bargaining Agreement.
4. A full-time position will never be eliminated by utilizing two (2) part-time employees working back-to-back shifts.
5. The Company will provide the Union a monthly list of part-time positions, the names of the employees who fill those positions, work locations, and hours worked.
6. Part-time regular employees will be covered by the provisions of the Collective Bargaining Agreement, between Local Union 19 and the Company, with the following exceptions:
  - a. All part-time regular employees shall work a minimum of twenty (20) hours, per week, not to exceed 1,500 hours in a calendar year. If a part-time employee works more than 1,500 hours, the job will be posted for a full-time position.
  - b. Vacation – part-time employees will be entitled to earn paid vacation time in accordance with the vacation schedule applicable to regular full-time employees, prorated, however, for the number of hours in their regular work schedule relative to a regular forty (40) hour work schedule. For example, a part-time employee with more than one year, but less than six years of elapsed time service, whose regular work schedule is twenty (20) hours per week, will be entitled to earn forty (40) hours of paid vacation. As another example, a part-time employee with more than one year, but less than six years of elapsed time service, whose regular work schedule is twenty four (24) hours per week, will be entitled to earn forty eight (48) hours of paid vacation. Employees scheduled in excess of 20 hours per week for two consecutive months or more will be credited with vacation and holiday pay during those months based on scheduled hours until returned to 20 hours per week.

**H. Benefits**

Part-time regular employees are eligible for benefits as described in the Summary Plan Description for Bargaining Employees.

## **MEMORANDUM OF UNDERSTANDING**

### **ELIGIBILITY FOR PHYSICAL BARGAINING UNIT PROMOTIONS**

**(August 29, 1997, Revised May 13, 2004, and July 8, 2014)**

In order to fill physical bargaining unit promotions in the most efficient manner, in the future the following ground rules should be followed:

- If an employee has been offered the opportunity to fill a vacancy and has accepted a promotion, the company has no obligation to offer that employee any other job classification, at the same pay level, unless the employee's release from his/her present position has been delayed for more than 20 working days from the date the employee accepted the promotion. In this case, the company would then be obligated to offer any new job classification opportunities that the employee would be eligible for.
- If a Helper, Meter Reader or Locator has been offered and has accepted a promotion and is within the 5 day window to return to his/her former classification with no penalty, should the employee choose to return he/she will be eligible to fill the next available lateral posted. However, employees within the 5 day window may be offered promotional opportunities to a higher job classification.

For the Company: Pat Loftus

For the Union: Rob Wyrwicki

**SCHEDULE OF FLOATING HOLIDAYS: UNION EMPLOYEES  
(CALENDAR YEAR IN WHICH EMPLOYMENT BEGINS)**

No employee will be granted a floating holiday until he/she has completed the probationary period (120 days from employment date).

Employees on the payroll as of June 1st – 3 floating holidays

Employees on the payroll as of September 1st who were hired after June 1st – 2 floating holidays

Employees added to the payroll after September 1st are not eligible for any floating holidays during that calendar year.

## MEMORANDUM OF UNDERSTANDING

### FIELD OPERATIONS CONSTRUCTION INCENTIVE PROGRAM – TRAINING CREWS (Dated August 2, 1999 and revised March 1, 2009)

An agreement regarding eligibility for incentives/upgrades for Field Operations Construction training crews has been reached between Local 19 and the Company. The following shall apply when an employee is in training and assigned to either a two or three person crew:

- Where there is an existing Distribution Plastic Crew and the employee(s) in training is not considered to be part of the crew make-up but is there for training purposes only, the trainee shall be eligible for:
  - Upgrade to certification title if doing productive work.

**The trainee is not eligible for incentive upgrade for the day or quarterly incentive cash pay out(s).**

- When an employee(s) in training is considered to be part of the make-up of the Distribution Plastic crew and is able to either work independently or on a minimum size crew or are not considered an extra person on the crew then the employee(s) in training will be eligible for all incentive payments.
- This agreement will be in effect until March 1, 2017.

**MEMORANDUM OF UNDERSTANDING**

**NCAT INCENTIVE PROGRAM FOR 1" PLASTIC SERVICES**

An agreement regarding eligibility for incentives/upgrades for NCAT crews has been reached between Local 19 and the Company. The following shall apply when NCAT crews are assigned the installation of 1" plastic services.

- For purposes of eligibility for upgrade & incentives, 1" plastic service installations completed by Distribution Plastic crews will be considered the same as having completed two ½" plastic service installations.
- On a daily basis, Distribution Plastic crews will receive \$35.00 for each service completed that exceeds the number of completed services necessary for the incentive rate. (This payment will be made to eligible Distribution Plastic Operators and Distribution Plastic Laborers on a quarterly basis.)

## MEMORANDUM OF UNDERSTANDING

### REGARDING SENIOR CONTROLLERS/MECHANICS BEING PROMOTED TO ARC WELDER/SENIOR SPECIALIST CLASSIFICATIONS

**Amended – December 1, 2005**

The Company and Union Local 19 have agreed on the following ground rules with regard to the seniority of a Mechanic and/or Distribution Plastic Operator who is promoted in the Arc Welder or Senior Specialist classification.

1. If a Mechanic and/or Distribution Plastic Operator is promoted to the Arc Welder classification and, after that promotion, a vacancy occurs at the technician level that is to be offered to an employee in the Mechanic and/or Distribution Plastic Operator classification who is junior to the Arc Welder, the Company will, at that time, certify the Arc Welder as a Distribution Technician.
2. If a Senior Controller is promoted to the Senior Specialist classification and, after that promotion, a vacancy occurs at the Specialist level that is to be offered to an employee in the Senior Controller classification who is junior to the Senior Specialist, the Company will, at that time, certify the Senior Specialist as a Specialist.
3. If the employee certifies as a Distribution Technician/Specialist and is later disqualified as an Arc Welder, the employee will be demoted to the Distribution Technician/Specialist classification and will maintain his/her same seniority position.
4. If the employee would fail the Distribution Technician/Specialist certification test and then later is disqualified from the Arc Welder/Senior Specialist classification, he/she would be demoted back to the Senior Controller, Mechanic and/or Distribution Plastic Operator classification.
5. If the employee fails the Distribution Technician/Specialist certification test, he/she would be unable to re-certify as a Distribution Technician/Specialist for 24 months.
6. \*Employees who hold the Sr. Specialist job classification and perform the work of the Arc Welder and are certified to the Specialist job classification will be eligible to bid on Sr. Specialist job classification vacancies should a non-Arc Welder Sr. Specialist job classification vacancy be posted.

\*Indicates change – December 1, 2005

(Reference: Memorandum of Understanding dated December 27, 2005 by the Company and February 15, 2006 by the Union)

**MEMORANDUM OF UNDERSTANDING**

**REVISION TO FLEET MANAGEMENT DEPARTMENT REQUIREMENTS**  
**AND THE RELATED PROMOTIONAL SEQUENCE**  
**(REVISED SEPTEMBER 26, 2006)**

**RE: Amended Sections “A, 2” and “C Helpers”**

The following agreement has been reached, effective September 26, 2006, between the Company and Union Local 19, regarding the fleet management helpers in the Fleet Management Department.

- Automotive Service Excellence (A.S.E.) certifications will be waived and not required as consideration for transfers or new hires into the Fleet Management Helper position;
- Helpers who pass A.S.E. certification in one (1) test from the list of five mandatory categories will be eligible for uniform service;
- Helpers who pass A.S.E. certifications in two (2) tests from the mandatory list of 5 will be eligible to receive both uniform service and the \$200 tool allowance;
- There are no changes to the A.S.E. certification requirements for Fleet Management Mechanic and Fleet Management Technician.

Rob Wyrwicki 5/14/08

**MEMORANDUM OF AGREEMENT  
DATED MARCH 1, 2009**

This document will supersede any prior agreements or memorandums pertaining to the installation of mains and services by contractors.

The Company will notify the Union President regarding plans to work contractors on overtime installing mains and services.

The Company and the Union agree to the following when contractors work overtime installing gas mains and services that our employees normally perform.

- In situations where the contractor works overtime and the contractor performs work that normally is performed by our employees, the Company will offer employees from the reporting center where the work is being performed the opportunity to work. The work will be offered as designated below until an equal number of employees have accepted the work or all employees have been asked to work.
- Reporting Center is defined as the area covered for emergency or scheduled overtime by employees assigned to a specific company headquarters.
- Overtime will be defined as scheduled days of work after the contractor has worked 40 hours in a calendar week and will not include hours during extended days as a result of necessities on the job or additional days to make up for inclement weather.
- The work will be offered to our employees within a week after the contractor works and will be offered to the Nicor employee group most aligned with business needs as follows:

The overtime will be offered to Field Operations Construction employees when contractors install new P.E. mains and new P.E. services and then Field Operations Delivery employees if additional resources are required. In areas with no Field Operations Construction employees, the overtime would be offered to Field Operations Delivery employees.

The overtime will be offered to Field Operations Delivery employees when contractors are performing public improvement, system improvement and revision mains and services.

**EXCESS CLERICAL EMPLOYEE GROUND RULES**

Dated July 12, 1984  
 Revised July 19, 1991  
 Revised March 1, 2009  
 Revised March 1, 2014

Notwithstanding other provisions of the Collective Bargaining Agreement, when a clerical employee's position is eliminated due to a lack of work, the Company reserves the right to place the employee in any open position, for which the employee is qualified. Employees must pass and meet all job-related pre-requisites, testing and performance requirements ("Job Requirements"). If the employee does not meet and pass all required training, testing, and certification requirements, as well as any 90-day or 120-day qualifying periods, the Company reserves the right to demote the employee one job level; the employee's wages and pension band will be adjusted to the maximum rate for that job classification and the appropriate clerical tier. If the employee is unable to satisfy the Job Requirements for the new position, the Company reserves the right to separate employment with the employee.

It has been agreed between the company and union that excess clerical employees will not be forced from their previous reporting headquarters beyond the reasonable distances as set forth below.

<b><u>G.O.</u></b> Bellwood Joliet Glen Ellyn Aurora/Yorkville Sycamore	<b><u>Des Plaines</u></b> Glen Ellyn Aurora/Yorkville Crystal Lake Schaumburg Elgin	<b><u>Crystal Lake</u></b> Elgin Schaumburg Sycamore Rockford Des Plaines	<b><u>Bellwood</u></b> Des Plaines Schaumburg Glenwood Crestwood G.O. <b><u>Dixon</u></b> Rockford Sycamore	<b><u>Rockford</u></b> Crystal Lake Elgin Dixon		

Employees promoted to a 3 level position or higher prior to December 31, 1985 will not be forced into the Call Center should they become excess.

**AGREEMENT REGARDING TRANSFERS FROM CLERICAL TO METER READING**

Employees from clerical levels 1, 2, 2A and 3 may accept positions in meter reading under the following conditions:

- Employees must have 1 ½ years in current position.
- If employee's current rate of pay is greater than the current meter reader rate of pay, the employee's rate of pay will be reduced to the maximum of the meter reader job classification.
- Employee's whose rate of pay is below the maximum of the meter reader job will be slotted into the appropriate time and rate step (down) of the meter reader job classification.
- Employees will have a one time opportunity to transfer to the meter reader job classification.
- Employees will be required to pass Meter Pro training. If an employee is unable to successfully pass Meter Pro training, they will be placed back into the Clerical unit at their previous Clerical job level. The employee may be placed in their previous position and location if an opening exists. Otherwise, the employee may be placed in any location and in any equivalent position per the Excess Clerical Employee Ground Rules, dated July 12, 1984, and revised July 19, 1991, March 1, 2009 and March 1, 2014 located in Exhibit C.
- Employees will be required to complete a 90-day qualifying period after they successfully pass Meter Pro training, and will be ineligible to promote during the qualifying period. Employees who are unsuccessful will not be eligible to return to the clerical bargaining unit and employment will be terminated. An employee's qualifying period may be extended by mutual agreement.
- The discharge of an employee in their qualifying period will not be subject to the provisions of Article VIII.
- Employees will not be eligible for time or mileage reimbursements.

This program will expire on March 1, 2017 unless extended in writing by mutual agreement between the Company and the Union.

## MEMORANDUM OF UNDERSTANDING

### WAGE RATES: SUMMER HELP Effective March 1, 2014

As a result of negotiations for a new Collective Bargaining Agreement, effective March 1, 2014 the company and the union have agreed on the following formula for determining the wage rate for non-bargaining unit Summer Help.

- The rate for employees performing physical work will be 90% of the Helper rate in effect as of March 1<sup>st</sup> of the year in which these employees will be working.
- The rate for employees performing clerical work will be 90% of the Clerk rate in effect as of March 1<sup>st</sup> of the year in which these employees will be working.
